EDUCATION

- **Chandigarh University** Gharuan, Mohali, India
Bachelor of Engineering - Computer Science; GPA: 7.4 *August 2022 - June 2026*
Courses: Operating Systems, Data Structures, Analysis of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases
- **Century School** Gharaunda, Haryana, India
12th Standard (Non-Medical - PCM); Percentage: 92% *2021 - 2022*
- **Dyal Singh Public School** Karnal, Haryana, India
10th Standard; Percentage: 86% *2019 - 2020*

SKILLS SUMMARY

- **Languages:** Python, C, C++, JavaScript, SQL, HTML
- **Tools:** MySQL, SQLite, TinkerCAD
- **Platforms:** Web, Windows, Arduino
- **Soft Skills:** Leadership, Event Management, Public Speaking, Time Management, Quick Learner, Problem-Solving

EXPERIENCE

- **Metacrafters** Online
Student Course *June 2024 - Sep 2024*
 - **JavaScript Skills:** Completed an advanced course, building interactive projects and presenting them via video tutorials.
 - **Project Development:** Developed and documented projects with clear explanations for a wide audience.
- **Bixcube** Online
Intern - Content Creator *January 2022 - March 2023*
 - **Design Projects:** Created professional posters, logos, and other creative assets.
 - **Audience Engagement:** Designed materials that engaged over 250 students, receiving a 4.65 average rating.

PROJECTS

- **AI-Powered Recruitment and Applicant Tracking System (ATS):** Developed a web-based recruitment platform using Python, Flask, MySQL, and Bootstrap. Implemented resume upload and parsing using PDFPlumber, skill-based candidate matching, automated shortlisting, recruiter authentication, application tracking, and analytics dashboard to streamline hiring workflows.
- **Portfolio Website:** Built a responsive personal portfolio website showcasing projects, technical skills, certifications, and achievements. Focused on user-friendly design, performance optimization, and mobile responsiveness to enhance professional branding. **Live Demo:** portfolio-website-tink.vercel.app
- **Online Virtual 2D Video Call Platform:** Developed an innovative virtual communication platform that integrates live video streaming with interactive two-dimensional graphical elements. Enhanced user engagement through real-time interaction features, providing a more immersive and collaborative virtual meeting experience.
- **Automating Data Visualization:** Developed Python scripts using Matplotlib and Seaborn to automate data and image visualization processes.
- **Alexa AI Assistant Model:** Built backend logic using the Alexa Skills Kit (ASK) in Python to create interactive voice-driven applications.

CERTIFICATES

- Metacrafters: Advanced JavaScript Course Completion
- Databases and SQL for Data Science with Python - Coursera
- Microsoft Office Fundamentals: Word, PowerPoint, and Excel - LinkedIn Learning
- The Science of Well-Being (Yale University)
- NCC A Certificate

HOBBIES

- **Teaching:** Enjoy sharing knowledge and simplifying complex concepts for peers.
- **MS Office Tools:** Excellent in MS Excel and PowerPoint for professional presentations.
